

Generation of Lenticular Projectors

Series PRO100WLEN [Lenticular projector]

Projectors manufactured by **Gealed S.L.** are an ideal solution in the projection of logos, marks and drawings with great clarity. Achieving high energy efficiency.

Product characteristics

1° Light source :

Cree high power led
 No UV rays, no infrared
 Nearly instantaneous light production

2° Optics :

High quality optical group
 Adjustable focal length
 Manual zoom

3° Lens:

Beam angle 15°-60° for choose
 Projection distance 15-20m (dark environment)
 Glass

4° Housing:

Aluminum body
 Adjustable yoke with knobs
 Base for anchoring to wall, ceiling or floor
 Lamp size 40x25x30cm & 3,7Kg

5° Specifications:

Power 100-240V
 Power type MW HLG series power
 Frequency 50/60HZ
 Consumption 90W
 Work temperature -20 A +65°C
 Life: > 30.000h
 IP65

Logo example

Efficient
 Maximum heat dissipation.

Protection rate: IP65
 Dust and water resistant.

Easy to install
 Easy installation and maintenance.

Professional design
 Spectacular design, focusing on the heat sink.

Applications

The LED lighting is widely used in:

- Shops · Exhibitions · Sports areas · Exterior · Monuments · Gardens · Advertising posters · Hotels
- Malls

Sustainable lighting

- It contains no mercury or harmful substances for the environment.
- Does not emit UV or IR rays.
- It contains no glass, improving the working conditions and manipulating.
- .-year warranty.

Compatibility

- Comply with the standards in: EN 50172 (VDE 0108), EN 55015, EN 60598-2-22, EN 61000-3-2, EN 61000-3-3, EN 61000-4-2,3,5,8,11, EN 61347-1, EN 61347-2-13, EN 61547, EN 62384, VDE 0719-T14, ENV 50204, ENV 61547.
